Dear Mr Maddern,

Thank you for your incredibly generous donation of 10 Samsung tablets which were presented to Barrington Ward Adrian Robson.

We know that during this difficult time there is considerable difficulty in patients keeping in touch with relatives; your donation will provide that comfort and contact for patients to see their family whilst in isolation.

The Ward is thrilled with the devices which will make an enormous impact. Thank you so much for your support.

Please do pass on our sincere gratitude to everyone.

Thank you once again for the difference you are making to our patients.

With kind regards,

Zoë Steer
